Subject: RE: Question concerning Excelsior Gunnison Copper Project

Hi Nancy,

Vimal Chauhan is the project engineer for Gunnison. He may be able to provide a figure of the additional infrastructure. I think there will be a pipeline and a new pond. I don't know whether there will be a new road.

Maribeth

Subject: Question concerning Excelsior Gunnison Copper Project

Hi Maribeth,

Do you have a description of how Johnson Camp Mine will be used to support the Gunnison Copper Project in the application materials from Excelsior, and any figures depicting the foot print of any additional infrastructure supporting the Gunnison project. I'm looking for how they plan on transporting process fluids to the SX-EW plant. Is it by pipeline or truck transport? What roads would be used to access Johnson Camp Mine from the Gunnison Copper Project?

Thanks, Nancy
